

CELEBRATE

More than 100 Scotia (Jamaica) volunteers laced up their running shoes in support of the Relay For Life held by Jamaica Cancer Society (JCS) on Saturday, June 7, 2025 at Police Officers' Club in St Andrew. Scotia Group, through the Scotia Jamaica Life Insurance Company, also provided a \$2-million boost as a platinum sponsor of the event. The funds will directly support the JCS's ongoing mission to provide education, early detection, and treatment support for people impacted by cancer across the island. Relay For Life, the JCS's flagship fundraising event, brings together teams of 10 or more participants in a 12-hour relay of walking or running around a track, symbolizing the unrelenting fight against cancer.

REMEMBER

GHOH

nominations for the Class of 2026

Here's how it works: GHOH nominations come only from staff and are reviewed by our Selection Committee. Staff receive a link to the Nomination Google form; the form is short and sweet. The nominees will receive an email from the GHOH leadership email account directly, providing them with the Application Google form. Only volunteers will be considered for nomination.

September 1-30: The Google form for Nominations from staff will be open. The form will close on October 1st. and will not reopen.

October 1-24: The Google form for applications submitted by nominees will be open. Nominees who log in with a Google account will be able to save their progress and make changes. The applications will then go to the GHOH Selection Committee for review.

FIGHT BACK

Shirley Buckmaster, Chair of Relay For Life Colchester, UK had the absolute and utterly wonderful honour of meeting the Princess of Wales . Shirley says "The Princess came to the cancer wellbeing and information centre in Colchester and she spent so much time talking to us all about her own diagnosis and hearing about ours and the work that we do with cancer patients, amazing and beautiful lady! It's been all over the news channels and newspapers already . The banner behind her is the choir that I set up and run so it's really special to have that out there in the media too."

September Relays

Australia 6, Belgium 8, Denmark 15, Iceland 3, Ireland 2, Japan 17, Kenya 1, Malaysia 1, Norway 8, UK 2, USA 123
